

Bildung:

Die "**ordinal numbers**" werden nach folgender Grundregel gebildet:

An die Grundzahl wird ein **th** angehängt. z.B. seven → seventh

Ausnahmen:

a) völlig veränderte Schreibweise:

one → first (1st) two → second (2nd) three → third (3rd)

b) leicht veränderte Schreibweise:

five → fifth (5th) eight → eighth (8th)

nine → ninth (9th) twelve → twelfth (12th)

c) die Endungen auf y werden bei ganzen Zehnerzahlen zu **ie**

z.B. 40th → fortieth

d) bei größeren Zahlen wird nur die letzte Zahl als Ordnungszahl geschrieben.

z.B. 6,213th → six thousand one hundred and thirteenth

1st → first

30th → thirtieth

2nd → second

31st → thirty-first

3rd → third

32nd → thirty-second

4th → fourth

33rd → thirty-third

5th → fifth

40th → fortieth

6th → sixth

50th → fiftieth

7th → seventh

60th → sixtieth

8th → eighth

70th → seventieth

9th → ninth

80th → eightieth

10th → tenth

90th → ninetieth

11th → eleventh

100th → one hundredth

12th → twelfth

102nd → one hundred and second

13th → thirteenth

120th → one hundred and twentieth

14th → fourteenth

500th → five hundredth

15th → fifteenth

1,000th → one thousandth

16th → sixteenth

1,003rd → one thousand and third

17th → seventeenth

1,010th → one thousand and tenth

18th → eighteenth

4,000th → four thousandth

19th → nineteenth

10,000th → ten thousand

20th → twentieth

100,000th → one hundred thousandth

21st → twenty-first

1,000,000th → one millionth

22nd → twenty-second

1,000,000,000th - one billionth

23rd → twenty-third
